

Helpful Hints and Tips

The following are some helpful hints and tips on how you can assist your child(ren) though this school term. These are just guides, but we do recommend you consider each point, and find the best way to adapt them to your home.

Practical

- When you receive any new usernames or passwords write them down in a book and keep it secure
- Set up a learning area in your home
 - This will increase productivity for you and your child(ren)
- If you are stuck with something technology ask another parent
 - Our staff at BCCS would love to help, but if you have contact with another parent try them first
- If you have questions get in contact with the teacher
- Make sure your child(ren) has easy access to needed materials

Emotional

- Have an understanding
 - This is new for all of us
- Be patient
- Be ready to assist your child in their learning
 - Encourage your child(ren)
 - Engage your child(ren), ask them what they are learning about and be interested
 - Regularly check in with your child(ren), ask how they are going

Social

- Reach out to the community of parents
- Make use of our community social media
 - If you have a questions that you think might be relevant to everyone

BCCS cannot thank you enough for your understanding, patience, and support during this time.
